FINNING CAT

UTILITY. TOUGHNESS. VERSATILITY.

It's the UTV redefined.

Cat® UTVs are purpose built for almost every imaginable demand. Designed to meet the daily rigours of the most massive worksite or far-ranging spread, the Cat UTV can be configured to meet almost every conceivable need.

Heavy lifting. Hard working. Easy riding.

- 1000 lb 'no-sweat' carrying capacity
- Specifically designed to minimize noise, vibration and ride harshness
- Side-by-side rider comfort optimized with ample leg and headroom

Ease of operation. Optimized.

- Standard electric power steering for superior handling
- Easy maneuverability on rugged terrain at speeds up to 72 km/h
- Pre-wired for quick do-it-yourself accessory installation
- Over 50 easy-install accessories available

Service and maintenance made simple.

- Advanced on-board diagnostics for more efficient troubleshooting.
- Factory spec full-service capability and access through Finning
