Callout 2: Get information sent to a specified email through the Auto Reports function as often as you want. Choose specific filters depending on the report you want to select

TOP REPORTS TO HELP MANAGE YOUR RENTAL

JOB COSTING

Total costing to assist you in managing pricing to your customer and project total cost based on contract number, PO number or job number. Please note that project cost is based on the start of your rental to the projected end date specified in the report field.

RENTAL HISTORY BY TYPE

This helps you identify:

- What you rent the most.
- How many times did you rent a piece of equipment.

EQUIPMENT ON RENT

This gives you visibility to all equipment currently being rented. You can view and print the contract, see what equipment is out on a job site and where the equipment is.

INVOICES

View a list of invoices (paid, open or both depending on the filter applied). Invoices can be viewed and printed from this page.

INVOICE AGING

This provides you the invoice aging analysis showing Current, 30-Days, 60-Days and 90-Days. You can use the hyperlinks to view and print out invoices.

AUTO-EMAIL REPORTS

Schedule any specified reports to be emailed to a specified email address, reoccurring and filtered by contact number or PO number as needed.

...AND MANY MORE

Explore other reports built to provide different views and information to help manage your rental needs.
