## Electrical Services Division Achieves ISO 9001:2008 Certification

The Cat Rental Store is proud to announce that we are now ISO 9001:2008 certified in our instrumentation calibration group. To become ISO 9001:2008 certified, The Cat Rental Store underwent an extensive evaluation process that included: quality management system development, a management system documentation review, pre-audit, initial assessment, and clearance of non-conformances to the highest quality management standard.

The Cat Rental Store's proactive decision to become ISO 9001:2008 certified demonstrates a commitment to providing quality products and services to all current and future customers. To maintain ISO certification, The Cat Rental Store will perform yearly audits to ensure compliance and assess initiatives in ensure continued improvement.

The Cat Rental Store will always strive to exceed your expectations. With our goals focused on the emphasis of quality assurance and innovative solutions, we look forward to bringing our service and product offering to new heights in the months and years to come.

The Cat Rental Store carries a full line of small and mid-size Cat machinery and other industry name contractor equipment. Our extensive line of industrial tooling products includes: aerial work platforms, pumps, generators, hand tools, electrical and instrumentation equipment, air compressors, heaters and trench shoring products. We also proudly carry Wirtanen brand electrical products.

Operating in locations across British Columbia, Alberta and Saskatchewan, we support customers with high quality rental equipment needs, used equipment sales, certified safety training services, plant shutdown services, and asset management programs.

Our sincere thank you for your continued loyalty and support.
