

FINNING

TRUSTED BY EXPERTS.

A FINNING COMPANY

Onetrac is a new service from Finning, the UK and Ireland's supplier of Cat equipment and complimentary services. Caterpillar customers have been relying on our expert support for over 80 years.

Now Onetrac customers can enjoy the same level of support. With over 650 engineers, we can provide a complete undercarriage solution including parts supply, fitting, servicing and maintenance, to customers across the UK.

All of the parts we use are manufactured to the high quality standards and fitted by highly skilled, experienced engineers.

Whatever brand you use. Whatever parts you need. Onetrac fits all. To find out more call **0800 328 5597**, email **mailbox@finning.co.uk** or visit **www.onetrac.co.uk**

Onetrac provides a one-stop undercarriage solution for most brands of earthmoving equipment including Volvo, Komatsu, Hitachi and JCB.

Undercarriage work can account for up to 50% of a tracked machines repair and maintenance costs. That's a lot of money, especially if you're running a large fleet.

Finning has been helping Cat equipment operators reduce owning and operating costs and maximise the life of their assets for over 80 years. Now with the introduction of Onetrac all owners of tracked machines can take advantage of Finning's unrivalled undercarriage expertise.

Onetrac undercarriages fit all major brands of excavators, track loaders and track-type tractors. Including: Komatsu, Volvo, Hitachi, JCB, Kobelco, Doosan, Daewoo, Liebherr and Case.

Whatever you need, whether it's a single component or a complete undercarriage, we can provide a robust, reliable, mixed fleet solution at a highly competitive price.

Onetrac also provides highly effective solutions for other tracked equipment such as mobile crushers and track drills.

Undercarriage services

- Complete undercarriage replacement
- Pin and bush turn
- Track pad swap
- Track group assembly
- Idler rebuild service
- Service exchange track groups*
- Fitting

Everything you need to keep your earthmoving equipment on the move and your deadlines on track.

*Only available on certain models.
